

WAITING

Comodo, modulare, adattabile, Waiting è prodotto in versione pouf semplice, con schienale o con schienale e bracciolo. Per creare isole conversazione e spazi attesa dal carattere moderno e non convenzionale.

Comfortable, modular, adaptable, Waiting comes in simple pouf version, with backrest or with backrest and armrest. To create conversation islands and waiting areas with a modern unconventional character.

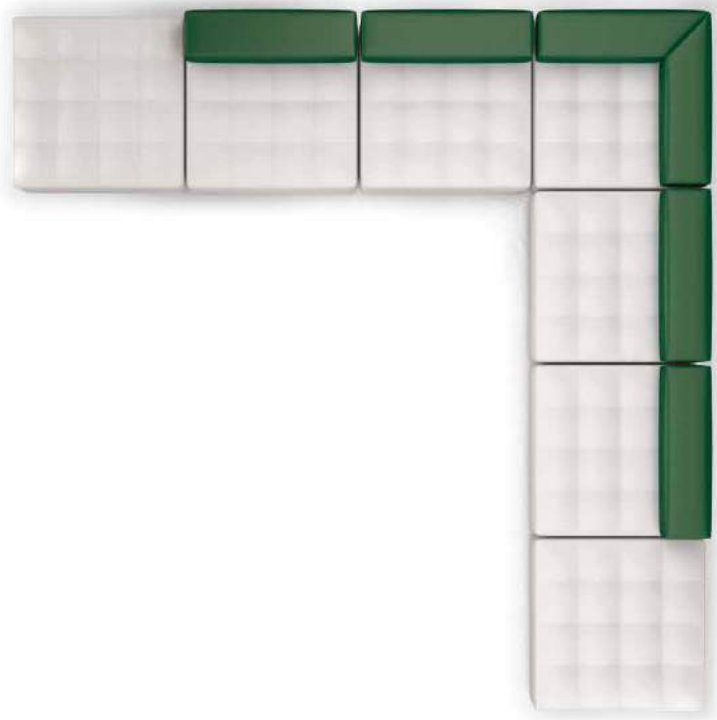

Tre elementi pronti a trasformarsi in molteplici, eleganti combinazioni. Lasciatevi ispirare dagli spazi per costruire nuove composizioni di forma e colore. Waiting è tappezzato con tessuti moda, nella versione liscia e in una ricercata versione con impunture.

The three elements can be combined to create all sorts of different solutions. Be inspired to construct new compositions of form and colour. Waiting is upholstered with fashion fabrics, in the smooth version and in an elegant version with stitched finish.

La famiglia Waiting comprende anche una particolare paretina schienale trapuntata, che permette di creare combinazioni nuove e suggestivi angoli conversazione.

The Waiting family also comprises a quilted backrest wall for creating new combinations and screened conversation areas.
